## Second Annual "Stars in the Park" Concert Held August 11

The second annual "Stars in the Park" Concert went off without a hitch at the Korner Park in downtown Beaver Creek on August 11, 2012, with the "The Brewer and O'Brien Trio" and "Deep Blue Soul Revue" playing toe-tapping blues from 6:00 to 8:00 p.m.

Over 100 people showed up on the warm summer evening. Luckily it was not too hot so people enjoyed themselves and brought their children.

In addition to the great music there was wonderful food provided by De La Hi of Wilsonville, who served pulled pork and chicken sandwiches and tacos. They also provided age appropriate goodies for the children. Christopher Bridge Winery of Oregon City was also on hand to sell wine and beer and Beaver Creek's own Cheryl Boffard sold root beer floats and Italian Sodas as well as popcorn.

During the concert raffle tickets were sold. The winner of the raffle won half the pot of money collected while the other half went to the Hamlet to help defray the costs of the event. The winner of the raffle ended up winning \$169.00! Thank you to those who attended the event and took part in the raffle.

There was a community table with local information available on businesses and available services. Also on sale were Hamlet t-shirts, caps as well as free Hamlet stickers.

It is hoped that everyone had a great time and enjoyed the festivities. It is asked that if you would like to see more community events at the park like this one and the Craft Fair and Flea Market held in July we need volunteers to help with planning and execution. If you would like to be involved, please contact the Bulletin at 503-632-6525 and leave a message. Your information will be forwarded to the appropriate individual. Thank You.

## Water and Soak Trees Deeply During Warm Spells

*trees exhibiting advanced signs  
of drought*

With weather reports calling for triple digits in some parts of the State, signs of tree stress caused by lack of water were already observable in some Oregon communities. Seems like a good time to remember that when

## Community Calendar

### Beavercreek Committee for Community Planning (BCCP)...

"As needed" basis, Beaver Creek Fire Station at 7:30 p.m.

### Beavercreek Charitable Trust...

Fourth Monday, BCT Henrici Community Room at 7:00 p.m.

### Beavercreek Grange...

First Saturday, Beaver Creek Grange at 1:00 p.m.

### Beavercreek Lions...

First and Third Saturday, Beaver Creek Grange at 7:30 a.m.

### Beavercreek Elementary School PTO...

Second Tuesday 6:00 p.m.

### Beaver Creek Telephone Directors Meeting...

First Thursday, Henrici Road Offices at 7:00 p.m.

**Boy Scout Troop #139...** Mondays, Beaver Creek Grange at 7:00 p.m. Website: <http://www.troop139.net>

### Boy Scout Troop #745...

Mondays, Grandview Baptist Church at 7:00 p.m.

### Carus Community Planning Org. (CPO)...

Second Thursday, Grandview Baptist Church at 7:00 p.m.

### Carus School PTA...

Second Tuesday, School Library at 7:00 p.m.

### Clackamas River Water Board Meetings...

Third Thursday, 16770 SE 82nd Dr. at 7:00 p.m.,

### Clarkes/Highland Community Planning Org. (CPO)...

First Wednesday of January, February, March, June, September and December, 7:30 p.m. at the Clarkes Grange.

Contact: Susan Nielsen, [clarkes-highland@yahoo.com](mailto:clarkes-highland@yahoo.com).

### Clarkes Parent/Teacher Group...

Third Monday, School Library at 6:30 p.m.

### Cub Scout Pack #183...

Den Meetings, Second & Fourth Tuesday, Beaver Creek Elementary School at 6:30 p.m.

### Equestrian Trails, North Valley Chapter...

First Tuesday, 6:00 p.m. dinner (optional) followed by 7:00 mtg (Clackamas Elmers). For information call 503-632-5610 [www.oregonequestriantrails.org](http://www.oregonequestriantrails.org) or find us on Facebook,

### Hamlet of Beaver Creek Board Meetings...

On Thursday, the week before the monthly meeting, at 7:00 p.m. in the Beaver Creek Fire Station Meeting Room.

### Hamlet of Beaver Creek Community Meetings...

Fourth Wednesday, Beaver Creek Grange at 7:00 p.m.

### Hamlet of Beaver Creek Town Hall Meetings (Qtrly)...

To be announced, info [www.hamletofbeavercreek.org](http://www.hamletofbeavercreek.org)

### Hamlet of Molalla Prairie Board Meetings...

First Tuesday, Fountain Valley Dental conference room, Noon to 2:00 p.m. info 503-789-7179,

temperatures in Oregon get warm and stay warm, it can take a toll on trees as well as people. The Oregon Department of Forestry suggests a few tips for keeping your trees healthy during times of heat stress.

"Summer temperatures can be hard on trees, especially landscape trees in our urban areas," said Paul Ries, an urban forester with the Oregon Department of Forestry. "Warm weather and prolonged drought can make trees more susceptible to insect and disease problems," adds Ries.

#### Symptoms of drought

One of the first signs that a deciduous tree - i.e., a tree that loses its leaves in the winter - needs water is that its leaves begin to look dull. More advanced symptoms of needing water are yellowing or browning of leaves, wilting, and curling at the edges.

Leaves may develop a scorched or burned look, turning brown on outside edges, or between leaf veins. Leaves may also appear smaller than usual, drop prematurely, or turn brown but remain on the tree. Evergreen needles may turn yellow, red, purple or brown.

#### Watering do's and don'ts

Given their benefits and longevity, trees should be given higher watering priority over lawns. If trees are only provided with shallow water every day, they're probably only

## Registration Open for Clinical Lab Assistant Program

If using science to solve mysteries is appealing, consider enrolling in the Clinical Laboratory Assistant (CLA) program at Clackamas Community College. The three-term program is the only one of its kind on the West Coast.

"Eighty percent of treatment is laboratory generated. It's a really important part of the medical field," said program director Helen Wand.

Applications for the three-term program at CCC will be accepted until Tuesday, Sept. 4. The program will begin when fall term commences on Monday, Sept. 24.

The CLA program prepares students for work in a labo-

getting a fraction of what they need. And, watering trees for short periods of time encourages shallow rooting, which can lead to future health problems for the tree.

To make sure your tree gets the water it needs, saturate the soil within the drip line - that's the circle that could be drawn on the soil around the tree directly under the tips of its outermost branches. Using a regular hose or a soaker hose, water deeply and slowly - slowly is important, so the water doesn't run-off. To make sure it gets enough water, keep moving the hose around different areas under the tree.

For conifers, water 3' - 5' beyond the drip line on all sides of the tree. Also, if you have a choice, water during the cooler part of the day for all trees. Another way to water trees slowly is to put a nail hole in the bottom (near the edge) of a five gallon bucket. Fill the bucket with water, and leave the slowly leaking bucket under the canopy of the tree. Do this twice or three times per tree, moving the bucket each time.

**Other tips: use mulch**

Using mulch is a good way to care for trees in warm weather, since mulch helps the soil below trees retain moisture and stay cool. Remove lawn and replace it with a ring of mulch. Mulch can be made of bark, wood chips, leaves and evergreen needles. Apply mulch within the drip line, at a depth of four inches, leaving a six-inch space between the mulch and tree trunk. Mulch will also help discourage weeds.

Don't plant annual flowers or other groundcovers under the canopy of your tree. Any plants below a tree's canopy compete with the tree's roots for moisture and nutrients.

**Tree care: always a good investment**

Trees and forests enhance quality of life in many ways, providing shade, wildlife habitat, wood and other products, raising property values, and providing clean, healthy

ratory or clinical setting, a field where workers are in demand. Students are often employed before they complete the program.

Clinical laboratory assistants are trained in all aspects of the medical laboratory including phlebotomy, specimen processing and quality control, and work with a variety of laboratory personnel, physicians and often patients. In hospitals or research institutes, clinical lab assistants provide support for specialized labs like hematology or microbiology

Course work in the program includes medical terminology, phlebotomy, laboratory administration and communications. Both the second and third terms of the program include a practicum where students will apply the skills learned in the classroom.

Graduates of the program are eligible to apply for two national certifications: the American Society of Clinical Pathologist certification, and the American Medical Technologists' Certified Medical Laboratory Assistant (CMLA).

## American Red Cross Blood Supply Slowly Improving But More Donors Needed

*Just three additional blood donors  
at each blood drive could boost supply*

The American Red Cross is encouraged by a boost in donations since the organization issued an emergency appeal for blood donors. However, additional donations are needed to ensure an adequate supply is available through the end of the summer.

"We are humbled by the generosity of the many blood donors in the Pacific Northwest who responded to our appeal, helping to save lives," said Steve Stegeman, CEO of the Pacific Northwest Blood Services Region. "The Red Cross is so appreciative for each and every selfless act of giving. Our blood donors truly do this out of the goodness of their hearts."

Across the country, nearly 15,000 donations have been given above expectations since the Red Cross first issued its appeal, cutting the blood donation deficit by approximately 30 percent to date. To keep up the momentum, the organization encourages anyone who has not yet given blood this summer to schedule an appointment and bring just two friends or family members along with them.

Although the number of blood donations has increased, the situation remains tenuous and more donors are needed in the coming weeks. If at least three additional people give at each blood drive above what the Red Cross already expects to collect there would be enough blood on the

503-632-6525 or [b\\_bulletin.info@beavercreekbulletin.org](mailto:b_bulletin.info@beavercreekbulletin.org)

shelves to meet patient needs through the end of the summer.

Donors of all blood types are needed, but eligible donors with blood type O negative, O positive, A negative or B negative are especially encouraged to give at this time. Anyone who gave blood at the start of summer may be eligible to donate again as summer comes to a close.

#### How to Donate Blood

Simply call 1-800-RED CROSS (1-800-733-2767) or visit [redcrossblood.org](http://redcrossblood.org) to make an appointment or for more information. All blood types are needed to ensure a reliable supply for patients. A blood donor card or driver's license, or two other forms of identification are required at check-in. Individuals who are 17 years of age (16 with parental permission in some states), weigh at least 110 pounds and are in generally good health may be eligible to donate blood. High school students and other donors 18 years of age and younger also have to meet certain height and weight requirements.

#### About the American Red Cross

The American Red Cross shelters, feeds and provides emotional support to victims of disasters; supplies more than 40 percent of the nation's blood; teaches skills that save lives; provides international humanitarian aid; and supports military members and their families. The Red Cross is a not-for-profit organization that depends on vol-

## Abandoned Campfires Pose Wildfire Risk On Tillamook State Forest

On the weekend of August 12, 2012, patrols on the Tillamook State Forest made an alarming discovery: 10 campfires left burning and abandoned by recreationists.

"This type of carelessness under hot, dry conditions can result in wildfires," Oregon Department of Forestry's Mike Cafferata said. "In addition, we found five groups that had built campfires outside of designated locations."

The Forest Grove District Forester encouraged Oregonians to recreate on the State forests but to exercise extra caution with fire during the current period of high wildfire danger. Over the past five years, 581 campfires built on State-protected lands burned 54,318 acres and cost

\$9.4 million to suppress.

The Keep Oregon Green Association offers these tips for ensuring your campfire is a safe one:

- Always call your local fire district to assure that fires are allowed where you're going to camp. If they are allowed, here are a few suggestions to help ensure that your campfires will be safe.

- When selecting a site for a campfire, avoid areas near buildings, fallen trees, tree trunks, or low overhanging branches.

- Scrape all leaves and litter away down to bare earth for at least five feet on all sides of the fire and surround your campfire site with rocks.

- Build your campfire downwind and at a safe distance

from your tent, never leave it unattended, and, after you light it, throw your match into the fire. If any sparks escape the campfire, have a shovel or water handy to put them out.

- The location of your campsite will determine the fire tools that you will need to take with you. But, at a minimum, always be prepared with a bucket (USFS requires one gallon of water), shovel, and ax.

- When it's time to leave the campfire and head to bed or back to town, make sure you put the campfire out - DEAD OUT! Drown all embers, sticks, and coals, especially those that might have fallen under the rocks. Stir the coals to make sure all heat has been removed. Drown the area again.

Editors Note: I know this has nothing to do with Beavercreek, but this story so shocked me that I had to share it. I cannot believe people would be so irresponsible to allow this to happen. Also, these tips are valuable no matter where you camp.

## Volunteers Wanted

Are you interested in history? Like people? Have skills with data entry? Want to be a History Detective?

The Clackamas County Historical Society is looking for volunteers at the Museum of the Oregon Territory and the Stevens Crawford Heritage House to greet visitors at the front desk, help with tours or assist with collections management.

Contact our Volunteer Coordinator at [volunteers@clackamashistory.org](mailto:volunteers@clackamashistory.org).

## Serious Injury

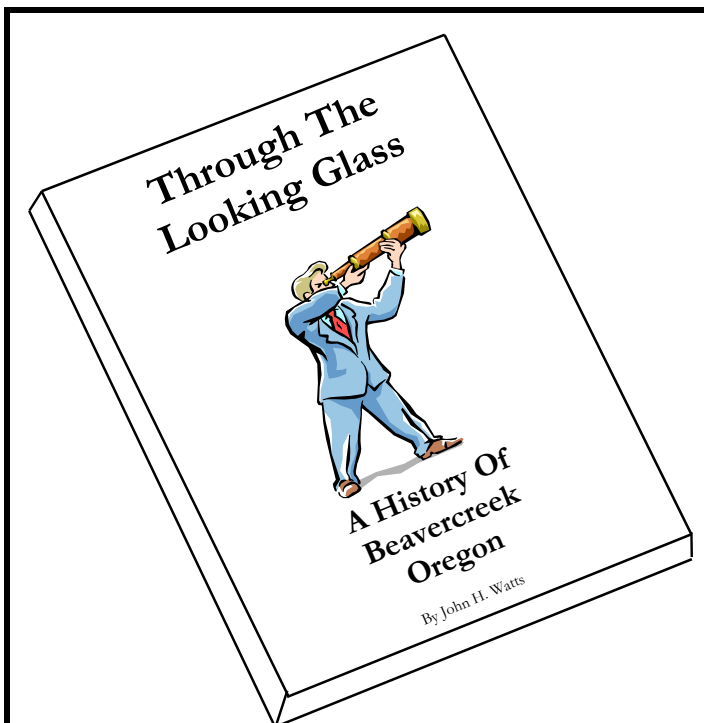

### Motorcycle Crash - Hwy 211 Northeast of Molalla

A 29-year old Colton-area woman was seriously injured when the motorcycle she was operating crashed off Highway 211 east of Molalla. Oregon State Police (OSP) is continuing the investigation.

According to Trooper Jose Cortez, on August 16, 2012, at approximately 7:45 p.m., a 2007 Harley Davidson motorcycle operated by Amy L.

Cagle, age 29, from Colton, was southbound on Highway 211 near milepost 19. For an undetermined reason, the motorcycle traveled off the right side of the highway negotiating a left curve and went through bushes and a wire fence before coming to rest in the front yard of a resi-

Cagle was seriously injured and transported by LifeFlight to Oregon Health & Science University. She was wearing a protective helmet.

OSP was assisted at the scene by Molalla Police Department and Molalla Rural Fire Protection District #73.

## Clackamas County Proclaims August 9th Boring & Dull Day In Perpetuity

*Boring, Ore. & Dull, Scotland:  
"a pair for the ages"*

On August 9, 2012, the Clackamas County Commissioners passed a Boring and Dull proclamation with a unanimous yawn and "aye" in honor of the unofficial "sister city" relationship between Boring, Oregon and Dull, Scotland. The proclamation states that Boring and Dull are a pair for the ages and that August 9 is Boring and Dull Day in perpetuity.

"On behalf of Boring and Dull, I am grateful to Clackamas County for entertaining this proclamation. Boring and Dull Day, as well as the official recognition that Dull and Boring are 'a pair for the ages,' should definitely encourage tourism and excitement for the communities," said Steven Bates, chair of the Boring Community Planning Organization.

Dull residents are also appreciative and excited for this twinning. "This has really brought the community together. We have received lots of nice emails and, already, a few Boring visitors. It is clear it is a match made for the ages, and made in heaven," said Dull resident Emma Burtles.

The idea was sparked earlier this year when Scottish tourist Elizabeth Leighton was on a cycling holiday in the United States and pedaled to the Clackamas County community of Boring. She immediately sent a message to her friend Emma Burtles who lives in Dull, a tiny village in Perth and Kinross County, Scotland. "Obviously, this is an opportunity for a twinning with Dull and Boring," wrote Leighton.

Burtles brought the idea to a meeting of the Dull Women's Book Club, where it gained momentum. She then reached out to Bates, who responded with a declaration of the partnership. Because the two communities are not cities, the relationship would be "unofficially official," said Bates.

At their June meeting, 40 members of the Boring Community Planning Organization unanimously voted to approve "the pairing" and sought the endorsement of the Clackamas County Board of Commissioners.

Later that same month, the Dull and Weem Community Council voted to erect a sign acknowledging the "twinning" of Dull and Boring. Dull's sign reads "Welcome to Dull - Paired with Boring, Oregon, USA." During Thursday's proclamation, Clackamas County commissioners expressed their intent to have a Boring sign produced with hopes it can be unveiled during Boring's annual Community Celebration in the fall.

### About Oregon's Mt. Hood Territory:

The Clackamas County Tourism & Cultural Affairs Office (branded "Oregon's Mt. Hood Territory"), dedicated to economic development through visitor spending, is funded by transient room taxes from area lodging facilities and campgrounds. Clackamas County is a contributing partner in enhancing Oregon's quality of life by strengthening the economic impacts of the state's \$8.7 billion tourism industry.

## Thousands in Oregon Eligible for Trade Act Assistance

Since 2008, nearly 18,000 jobs in Oregon have been lost due to foreign trade – in other words, the job once done by a worker in Oregon is now being done overseas.

Every person from a qualified company who loses a job due to foreign trade is eligible for federal assistance to retrain for a new job under the Trade Adjustment Assistance (TAA). Figures from the State of Oregon show that only 25 percent of those people eligible for retraining assistance actually use the benefits to gain new skills.

A statewide Federal grant administered by Clackamas Community College aims to find these displaced workers and connect them with services to gain the skills to find a family-wage job. The grant also provides assistance to unemployed or underemployed people and those seeking a career-technical degree.

"We know that much of this retraining funding is left on the table – the people who are eligible for this support are not getting the resources," said Cyndi Andrews, director

## Month At A Glance September

Birthstone: Sapphire

Flower: Aster

Astrological Signs: Virgo: August 23 - September 22  
Libra: September 23 - October 22

### Dates To Remember:

Labor Day - Sep 3rd

Grandparent's Day - Sep 9th

Patriot Day - Sep 11th

Int'l Day of Peace - Sep 21st

First Day of Autumn—Sep 22nd

Native American Day - Sep 28th

### Items of Interest:

Nat'l Hispanic Heritage Month - Sep 15th - Oct 15th

Constitution Week - Sep 17th - Sep 23rd, US

for the Credential Acceleration and Support for Employment (CASE) grant. "If someone is Trade Act eligible, we're very interested in talking to them."

A community college consortium led by CCC was among 32 national recipients of Federal grants announced last fall to provide targeted job training and education to strengthen Oregon's work force and put people back to work. The grants support partnerships between community colleges and employers to develop programs that provide pathways to family-wage jobs, including building instructional programs that meet specific industry needs.

One of the key areas the grant is targeting is those TAA eligible workers. More than 66 Oregon companies have filed

have used their training benefits.

One of the biggest obstacles to using the TAA benefits is navigating the process. One of the goals of the CASE grant is supporting TAA eligible people through providing one-on-one career coaching. In addition, the grant seeks to standardize the process of awarding credit for prior learning and to expand the use of career pathways.

People who are Trade Act eligible and would like to find out more about the support provided through the CASE grant should contact Kara or John at 503-406-8758.

## The Beavercreek Bulletin Welcomes a New Advertiser Locally Owned Image3D

Image3D moved to Beavercreek in 2003, and this summer is its 9th anniversary of being part of the Beavercreek business community.

Not only is the company based in Beavercreek, but Rich and Susan Dubnow live on the same property on their 15-acre lot off of S. Lower Highland Road.

Rich Dubnow founded Image3D in 1997 after leaving View-Master. He had been the lead 3-D photographer at View-Master in Tigard for more than two decades. Many people may remember the large water tower and their manufacturing facility near the Washington Square mall before the company was acquired by Mattel and moved.

Rich travelled the world taking 3-D photos that were featured in View-Master reels that many of us played with as children and that many of our children have played with. It's through that work at Image3D and View-Master that he has had a chance to work with many celebrities.

When Rich left View-Master, he started his own business making custom View-Master-style reels for companies to use in their marketing activities.

In those early years, Rich operated Image3D like so many companies do: Out of his own house near Lake Oswego, with his living room doubling as a production room for building the viewers and reels. As the business grew, he and Susan began looking for a place to grow their business. But instead of just looking for bland commercial space in a professional park, they wanted to combine that move with their dream of living out in the country. That led to Beavercreek.

In 2003, they bought a property in Beavercreek that had a commercial building where Image3D could be based as well as a lovely home looking down on the remainder of the acreage.

Since the move to Beavercreek, the company has grown considerably and now has 8 full time employees.

The company has also expanded its product line. Originally, it just offered the custom reels and viewers to corporate customers. But so many people asked about creating personal reels and viewers featuring family photos that Image3D recently began offering that as well.

Image3D's custom 3-D reels and viewers for consumers—called Image3D Celebrate—have the same look and feel as the iconic View-Master toys enjoyed by gen-

reels provide a nostalgic and fun way to give and display photos of family, friends, pets, vacations, weddings, birthdays, graduations and special events.

Image3D's products for corporate customers—called Image3D Market—are used for marketing campaigns, communications initiatives, training programs, promotional and sales efforts and much more. Companies work with Image3D to design custom reels and viewers that feature their marketing photography and their logos and corporate branding. Image3D's corporate customers include hundreds of small, medium and large businesses, including organizations such as Pfizer, Nike, Bacardi, Motorola, the Cartoon Network, Ford Motor Company, Pixar, GM, Finlandia Vodka, Caterpillar, Wells Fargo, Veritas Software, Bob's Red Mill, eBay, Sprint, QVC and others.

Image3D and its products have been featured in a wide range of publications and TV shows. For example, Image3D is scheduled to be featured in the popular television series "How It's Made" during 2012. The program is seen on the Discovery Channel and Science Channel in the U.S.

"Beavercreek has been a great place to grow a business and to live. We always dreamed of living in the country, but many people put that off until they are retired. In our case, Beavercreek gave us a great home for our business while also letting us fulfill that dream. It's a beautiful place to live." said Rich Dubnow.

"There are so many great businesses in Beavercreek and we try to keep as many dollars as possible here in town. We practically live at the dog grooming business in downtown Beavercreek thanks to our three border collies. We also have dinner every Friday night at Kissin' Kates. That's part of our weekly routine and we see so many other Beavercreek folks there."

"Anyone can see that Beavercreek has had a big impact on me, too. I used to wear typical office attire: khakis and button down shirts. But in the spirit of Beavercreek, I now always have my western hat and boots on, much to the chagrin of my family. I guess I've always been a country guy, but didn't know it until we moved here. It's definitely home.

### As a side note:

One of Rich and Susan's ongoing efforts is to restore the forest on the property they purchased. The previous owner

had been irresponsible in the way they harvested trees, allowed erosion, and littered the land with refuse. Rich is in the middle of a multi-year project that has restored the creek beds, planted thousands of native trees, and cleaned up the acreage in many other ways. There's still a lot of work to be done, but his plan to leave a restored piece of Oregon forest land to his kids and grandkids to enjoy.

The Beavercreek Bulletin welcomes Image3D to our list of advertisers. For more information, you can see their ad on page 17. The Editor.

## Clackamas County Commissioners Approve New TriMet Agreement Saving County Millions and Adding Improvements

Clackamas County Commissioners have approved a re-negotiated agreement to lower the County's contribution to TriMet's Portland-Milwaukie Light Rail project to \$19.9 million from \$25 million and approved the sale of bonds to pay the obligation.

The new agreement will save about \$6.6 million over the life of the bonds, a reduction of about \$330,000 in annual general fund payments. In 2010, the County committed to paying \$25 million toward the light-rail project (1.6 percent of the total project cost) with payment due by Sept. 3, 2012, or face a financial penalty. The new agreement waives the penalty clause.

A Memorandum of Understanding outlining the agreement is available online at [www.clackamas.us](http://www.clackamas.us).

Commissioners approved the agreement and the bond sale by a 3-1 vote with Chair Charlotte Lehan, Commissioners Ann Lininger and Jamie Damon voting to approve. Commissioner Paul Savas opposed and Commissioner Jim Bernard abstained.

The proposed agreement includes an extensive list of enhancements to be included in the Clackamas County portions of the light rail project, including the following:

### Safety and security

Upgrades around the Park Avenue Light Rail Station and Park and Ride, including closed security cameras, and expanded police presence coordinated with the Clackamas County Sheriff's Office

### Community connectivity

Improvements to make it easier for people in the area to access light rail, including new sidewalks and intersection upgrades

### Community Reader Board Info Rates

**\$1.00/day**

To Post Your Organization's Info  
Call 503-632-6525

**Livability**

Enhancements, including noise, light and vibration mitigation, and landscaping and hard-scape treatments and

**Design and natural area**

Improvements, including extensive planting of native species and stormwater treatment.

The Portland-Milwaukie Light Rail line, currently under construction, will have its southern terminus in unincorporated Clackamas County at the corner of McLoughlin Boulevard and Park Avenue.

Clackamas County is one of several agencies – along with the Federal government, the cities of Milwaukie and Portland, Multnomah County, Metro and the Oregon Department of Transportation – partnering with TriMet to fund the 7.3-mile line from Portland State University to Oak Grove. The new line, the second light rail line to connect Clackamas County with the rest of the Portland Metro region, is expected to open in 2015.

## 14th Annual Fall Bazaar "The Ten O' Clock Church" October 13

Mark your calendars for the 14th Annual Fall Bazaar, Saturday, October 13, 2012, from 9:00 a.m. to 4:00 p.m. at the "The Ten O'Clock Church," (Beavercreek United Church of Christ) 23345 S. Beavercreek Rd.

This popular event has been happening every October since 1998 and consists of many very talented Artisans offering a wide variety of quality creations and gifts that will simplify your holiday shopping.

Some of the creations include: hand-painted ornaments, hand-crafted jewelry, soy candles, therapeutic heat bags, dog treats and toys, catnip pillows, dried dressing and soup mixes, water color prints, hand-made cards, lap quilts, knitted hats and scarves, soaps and body products, fused glass creations, tasty baked goods, candies, stepping stones, plants and Much more.

The RAFFLE table will be back again, and each vendor is donating an item for the raffle drawings that will occur regularly throughout the day.

PLUS, there will be a mouth-watering LUNCH of homemade soup, sandwiches and pieces of our famous HOME-MADE PIES to purchase and enjoy. A slice of heaven!

Proceeds will support a number of church programs, in-

VENDORS: There is still room for more vendors, so if you would like to reserve a space, call Kathy at 503-407-7629.

## Clackamas County To Offer Grants For Local Non-profits

For the fourth straight year Clackamas County Commissioners have announced plans to distribute \$200,000 in small grants to organizations providing services to vulnerable populations in Clackamas County.

The money was set aside by the Budget Committee as part of the recently approved fiscal 2012-13 budget.

This is a continuation of a successful program that last year distributed grants to 24 local non-profit organizations for programs ranging from a local Meals on Wheels program for seniors to a dental care program for K-2 students.

The goal of the small grants program is to assist organizations whose purpose is to help the most vulnerable residents of Clackamas County. The grants are intended to fund small projects that would aid these organizations in serving larger populations.

The programs must show they can be self-supporting or that the grant is a one-time expense. And they must meet the following guideline:

Help most vulnerable families, seniors, and others meet their basic needs; such as food assistance and abuse prevention.

An application is and background information about the grants is available online. Organizations interested in being considered for funding must submit completed forms by September 15.

Applications can also be sent electronically to [caroline-hill@co.clackamas.or.us](mailto:caroline-hill@co.clackamas.or.us) or by mail to the Board of County Commissioners at 2051 Kaen Road, Oregon City, OR 97045. Faxed applications can be sent to 503-742-5919. For more information or to download forms go to [www.clackamas.us/bcc/documents/smallgrants.pdf](http://www.clackamas.us/bcc/documents/smallgrants.pdf).

Final determination of the awards will be made in the fall and funds will be awarded by the end of this year. Organizations receiving funding will be required to show how the grant was used, including service level and per-

## August Vector Control Update

August 23, 2012

The number of adult mosquitoes found in the traps this week has increased due to the warm weather these past few weeks. The vector species are being monitored by re-trapping in the identified areas. West Nile tests were performed on each vector species from each trap site meeting the required minimum numbers for testing. All tests have been negative. The highest number of mosquitoes this week has been out of Molalla, Canby, Wilsonville, and Gladstone.

The number of larval mosquitoes collected has stayed about the same for both the non-vector and vector species. Please empty weekly all containers filled with water; i.e., outside water dishes for your pets, tires, plant saucers, plastic lids.

Our treatment goal is to reduce the number of larval mosquitoes which reach the adult stage. When there are high numbers of mosquitoes in an area, only these selected areas will be treated.

## CLACKAMAS COUNTY

# Pot Hole Hotline

## Hit and Run of a Juvenile in Oregon City

On August 20, 2012, around 3:40 p.m. a 13 year-old victim was crossing Brighton Avenue from Barclay with two friends, when she was struck by what witnesses describe as a gold or tan Ford Explorer, Jeep Wrangler or similar SUV with partial plate 769F. The victim was thrown, and lying in the street unconscious when the occupants of the SUV stopped, got out of the vehicle, looked at the victim in the roadway, then left in their vehicle without rendering aid or calling for help.

The driver of the SUV is described as a white male approximately 40 years old, unshaven face and wearing a baseball cap. His female passenger is described as being Hispanic or Asian in appearance, approx. 17 years old with long black hair. No vehicle debris was left at the scene and it is unknown if there is any damage to the suspect vehicle.

The victim was transported to OHSU, where she is be-

ing treated.

See page 17 for updates

The August meeting of the Hamlet of Beavercreek was held on Wednesday, August 22, 2012, in the Beavercreek Grange on Kamrath Road at 7:00 p.m.

The meeting was called to order by Chair, Norm Andreen at 7:03 p.m. and introductions of the board were made. There were no public comments or questions.

Joan Martinez, the Hamlet's Secretary, read the highlights of the minutes of the July 25, 2012, meeting. They were approved by acclamation.

The guest speaker was Joe Marek, Clackamas County Traffic Engineer, who came to talk to Beavercreek's residents about Beavercreek traffic issues. Mr Marek has been a guest speaker in the past and at that time traffic issues of concern to the community were discussed. Mr Marek was back at this meeting to update the community on what is happening in regards to our concerns.

Mr. Marek discussed the Road Safety Audit that will be done from Timbersky Street towards Beavercreek's core and from Ferguson Road to Beavercreek Road along Henrici Road. The Road Safety Audit will be paid for out of grant funds.

In the Road Safety audit the people involved will go over the crash data as part of their job.

From August 29-30th the audit team will go out onsite and look at the roads in question. Mr Marek also announced that Elizabeth Graser-Lindsey, a Beavercreek resident, will represent the Hamlet of Beavercreek in the audit.

Due to money constraints the audit group will focus on lower cost projects.

One of the items to be audited is the parking along Beavercreek Road in front of the local grocery and the Kamrath, Leland and Kamrath Roads intersection. This area is of interest due to sight distance issues.

After the team has finished their audit, shoulder work and signage, etc. will be done in the next six months.

Since Mr Marek was present residents shared with him other areas that the audit team might look into such as:

- \* The parking lot at the corner of Leland, Kamrath and Beavercreek Road where used cars are sold. There is concern about site distances when trying to go straight onto Leland Road from Beavercreek Road.

\* The location of the telephone pole that is at the same intersection that is

completely surrounded by asphalt and a hazard.

\* The addition of more parking in front of the building now used by Brooks Motors on the same side of the road as the grocery.

\* The intersection of Kamrath Road and Carus Road not being a 4-way stop.

\* Also the lack of places for vehicles to pull over in case of an emergency.

\* Speeding through the core area, especially going to Kamrath road. Mr Marek said that the audit team would also be looking into additional stop signage at this same intersection at a cost of \$120.00 per sign.

It was asked about getting a speed meter wagon to also monitor the speed of cars going through this intersection as speeding is an issue. Mr Marek said that there was an 18 month wait.

A resident asked about the bumpiness of the stretch of road paved last year between Henrici and Oregon City. Mr Marek was asked if he knew why the new pavement was in this state having just been paved. He stated some ideas about the matter, but gave no concrete information.

Christine Kosinski, the Hamlet's Speaker, asked how the audit can be done effectively if they are using poor crash data. Mr Marek stated that they had to use the data available to them. Ms. Kosinski wondered how this was effective since a lot of crash data never gets into the sources that they will be using. There is other data available why not use it. Mr Marek said that they had to rely on "official" data.

Mr Marek announced that Clackamas County had just finished the first "Transportation Safety Action Plan" in the State. He had a copy with him. He said that in the next 5 years there would also be a "Highway Safety Manual" that will be used in land-use issues.

The County will meet with the Board of County Commissioners in September to discuss the new Transportation Safety Action Plan. It was discussed that it would be helpful if the cities would do their own TSAP for concurrency.

Land-use Issues - There was one land-use issue before those present. It was for a Temporary Permit For Care on Loma Linda Dr. It was recommended for approval.

Land-Use Decisions - It was announced that the Home Occupation Permit application heard previously for wood working business on Henrici Road was approved by the County with conditions.

The Hamlet Treasurer, Cheryl Boffard, gave her report which was approved.

Judy Andreen gave a report on the Concert that was held last month. She reported that the raffle yielded \$338.00 which was divided between the Hamlet and the winner of the drawing. She also gave a report on the success of the sale of Hamlet branded clothing that was sold

at the BCT Backyard Bash, The Craft Fair and Flea Market and the Concert. She said they might bring the clothing to the next meeting in case people want to buy Christmas presents for friends and families.

It was noted that any one who wished to run for the board of the Hamlet should let the nominating committee know for the September meeting to be held on the 26th. The elections are held at the October meeting.

Next there was a discussion on rural Clackamas County having an "ACT" (Area Council on Transportation). Rural Clackamas County areas including Beavercreek, Mulino and others are the only areas in the State that do not have an ACT.

The Clackamas County Staff recommended to the Board of County Commissioners not to support an ACT for rural Clackamas County. The Hamlets and Villages, including Beavercreek, told the Board of County Commissioners they should support an ACT for rural areas. The Board agreed and told the County Staff to support an ACT for our rural areas. There will be an interim policy put into place until the formal ACT is formed.

It is felt that there is a need for an ACT because Metro is trying to take control of everything about transportation through their JPACT committee.

In that scenario the rural areas have no representation on transportation issues. It was noted that the comments by the County Commissioners were very positive on our behalf.

The concert was discussed next. It was noted that the attendance was lower this year and no one knows why. All possible reasons were discussed. A plea for volunteers to help with future community functions was put forth during the concert and 5 people responded saying they would like to help.

At the last meeting in July a discussion on having all the Hamlet meetings at the Grange was discussed. This item was again discussed at this meeting. It was announced that the Grange is available for the additional dates needed. The Hamlet will talk to the Grange to put an agreement in place. This was welcome news.

One of the main reasons for using the Media Room at Beavercreek Elementary in the past was due to the use of their projector for presentations. The Hamlet has just procured it's own projector which can be used at the Grange. Also, the Oregon City School District will be implementing new rules that will make it more difficult to use the school's facilities. The Grange solves this problem. The Grange is a valuable asset to the community and needs our support. A motion was made, seconded and approved unanimously.

Christine Kosinski gave a report on the traffic issues on Holly Lane including safety. The issues are getting worse. The residents are trying to make it better. She explained that Oregon City rubber stamps development without any traffic report to address the issues and needs of the people who live there. This report would show the impact on the roads by the development. There is also a lack of police coverage.

This September there will be an additional 200 students at Ogden Middle School on Donovan Street. In addition, a lot of students walk along Holly Lane to get to school. Christine felt it is just a matter of time before something happens.

The City plans 60-70,000 cars per day to go down Holly

Lane. The City refuses to slow it's development rate leaving the County to try to look out for the safety of the citizenry.

Christine acknowledged that the "UGMA" (Urban Growth Management Agreement) has not been updated since the 1990's and is out of date.

The residents of Holly Lane have gone to City Planning meetings to talk about the speeding along Holly Lane as well as the loss of pets and the inability of residents to get to their mail safely. The City was not interested in what the residents had to say. The Hamlet has authorized Christine to represent the Hamlet at these meetings.

Bill Merchant announced a COAD (Community Organization Assisting in Disaster) meeting at the Beaver Creek Cooperative Telephone Company's meeting room on Tuesday, August 28, 2012, from 9:00-11:30 a.m.

The meeting was adjourned at 8:45 p.m.

Everyone is encouraged to attend the monthly Hamlet Community meetings and the quarterly Town Hall meetings to participate and share ideas and concerns on the issues pertinent to our community. Members 18 years of

## Hamlet of Molalla Prairie Hosts County Commissioner Election Forum September 19

The Hamlet resumes its regular meeting schedule in September with a Clackamas County Commissioner Election Forum on Wednesday, September 19th at the Molalla Adult Center, located at 315 Kennel Ave. (take Hwy 213 south, turn left on Hwy 211, turn left on Kennel Ave. The Center is on the right).

The Hamlet of Mulino co-sponsors this important chance to meet and question Clackamas County candidates Charlotte Lehan, John Ludlow, Jamie Damon and Tootie Smith.

The event starts with a 6:30 p.m. meet and greet and follows with a 7 p.m. forum moderated by Bethany Monroe, editor of the Molalla Pioneer.

## Beavercreek Grange #276 Wins Top Honors at the Clackamas County Fair

Every year the Granges in Clackamas County do a booth for the Clackamas County Fair. This year was no exception. The booths are lodged in the main pavilion. This is done in the same area as the cookie sales which are a Grange fundraiser.

Each Grange is to do a display in their booth that represents the theme for the fair. This year the theme was "Fair Sights, Rodeo Nights & Midway Lights". The Beavercreek Grange always does a great job at this friendly competition.

This year the Beavercreek Grange ran away with all the prizes for their interpretation of the theme. The display had the rodeo grandstands and arena, the Indian village, rides, a game from the midway, textiles, farm machinery and even an eating area with picnic tables festooned with hot dogs, hamburgers, sodas, even food wrappers. It also included french fries!

You could look into the four sections of the livestock barn

with light coming from the opposite side. Here you could see the chickens, cattle, sheep and goat area complete with pens and people. Out front was a front loader with sawdust ready to go in to keep the barn clean. Amazing!

The grandstands had ample seating and the sand filled arena even had bulbs in the flood lights!

The midway had a ticket booth for the rides and a penny toss that actually had individual stemware glasses on the playing surface complete with prizes hanging from the rafters. There was a Ferris wheel loaded with plush animals and a children's merry-go-round with colorful seats. The textiles exhibits were also represented as well as the food products, art gallery and crafts shown at the fair.

This was just amazing and it is no wonder that the Beavercreek Grange ran away with the blue ribbon for first place as well as the Peoples Choice Award. The blue ribbon is awarded by the Fair judges, but the People's Award is done by a vote of the people, who vote for the display that they like the best.

A round of applause should go to Leila and Bud Dumolt and the members of the Beavercreek Grange for their outstanding rendition of the theme for this year. It was fantastic. I did a video of the display with my mobile phone it is available on YouTube. Just paste the following URL into your browser.

[http://www.youtube.com/results?search\\_query=HQLRodZF6aQ](http://www.youtube.com/results?search_query=HQLRodZF6aQ). There is a lot of background noise so you might want to turn down the volume. Enjoy!

Another local Grange also did well in the competition. The Clarkes Grange won the second place award. We should be proud of the efforts done by these Grangers as a lot of time and effort went into their entries. Congratulations. If you would like any information about the Grange organization come to the first Saturday of the month breakfast at the Beavercreek Grange. They will begin again after the summer hiatus on October 6, 2012 from 8:00 to 11:00 a.m.

## The Hamlet of Molalla Prairie's Board Supports ACT for Rural Clackamas County

The Hamlet of Molalla Prairie's board of directors recently helped inform the Oregon Transportation Commission (OTC) that local transportation funding requires an Area Commission for Transportation (ACT) with equitable rural representation. As the OTC considers rule changes that will likely give more power to regional ACTs, the Hamlet noted that the Metro transportation steering committee JPACT would not be a preferred way to represent rural interests.

The Hamlet is proud to have helped encourage citizen input; Pat Egan, Chair of the OTC, noted that over 30 letters had been received asking OTC to provide an ACT for rural Clackamas County. To comment about rural equity in transportation funding, direct email to OTC Chair Egan via [jacque.l.carlisle@odot.state.or.us](mailto:jacque.l.carlisle@odot.state.or.us),

**Fire District #1 Participates in the  
 Annual National Night Out  
 August 7**

The "National Night Out" celebration in neighborhoods throughout our service area was held on August 7 this year. Our staff, career, and volunteer personnel partnered with local police and public safety agencies and attended 30 events totaling over 1,000 community members.

Events were held in Happy Valley, Clackamas, Oak Grove, Oregon City, and Holcomb. Through this annual event, neighbors had the opportunity to meet each other, discuss issues and work together to become a safer community. Our personnel took this opportunity to reach out, meet the neighbors, provide safety information and answer questions about the life saving services we provide. Each year this national event gets bigger and better, reaching out to more and more members of our community and ultimately making our neighborhoods in which we serve safer.

**Seasonal Road Restrictions  
 Announced for Hunters in the  
 Tillamook State Forest**

The Oregon Department of Forestry (ODF) will resume

road restrictions this fall in the western part of the Tillamook State Forest to improve deer and elk escapement during hunting season.

Some roads will be closed to motorized use during the general archery and rifle hunting seasons in September, October and November. Selected roads in the Trask, Wilson and Nehalem River areas will be gated and signed. Controlled access during the three-month period is designed to reduce hunting pressure in these areas.

**Three additional areas** - McPherson timber sale spur, Fall Creek Ridge Road, and Eagle Hill spur - will be closed to motorized vehicles.

Hunters and other recreational users are welcome to access the gated areas by foot, mountain bike, horse or other non-motorized means.

ODF is partnering with the Oregon Department of Fish and Wildlife (ODFW) and Tillamook Chapter of the Oregon Hunters Association in this program. The partnership has been in place over five years now and the location of gates changes year to year based on access needs, stand conditions and operations.

Motorized access by ODF staff or contractors working in those areas may occur on occasion. Maps of the road management areas are available at the Tillamook ODF office located at 5005 Third St., Tillamook and at the Tillamook District's Website at: <http://cms.oregon.gov/odf/pages/field/tillamook/abouttillamook.aspx>. Once at this link go to "Recreation" section of the information.

## Hit and Run of a Juvenile in Oregon City Update

On August 20, 2012, around 3:40 p.m. 13 year-old victim was crossing Brighton Avenue from Barclay with two friends, when she was struck by what witnesses describe as a gold or tan Ford Explorer, Jeep Wrangler or similar SUV with partial plate 769F.

The victim was thrown, and lying in the street unconscious when the occupants of the SUV

stopped, got out of the vehicle, looked at the victim in the roadway, then left in their vehicle without rendering aid or calling for help.

On August 22, 2012, at 9:05 a.m., OCPD officers responded to the Rosewood Terrace Apartments, located at 235 Pearl Street in Oregon City on the report that a man was seen wiping down the steering wheel of a two-tone tan Ford Explorer with no license plates.

The tan Ford Explorer pictured has front end damage and the driver's window is broken. When OCPD contacted the registered owner of the Explorer, he claimed to have sold the vehicle on August 1, 2012.

On August 29, 2012, at approximately 4:30 pm, Juan Carlos Delatorre called police from an Oregon City pay phone at the KFC on Main Street wanting to turn himself in as the driver in the August 20, 2012, hit and run. The suspect told police his conscience had been bothering him since the incident and he finally got up the courage to turn himself in.

Mr. Delatorre also identified his juvenile female passenger, who was contacted following Mr. Delatorre's arrest.

users of the roadway have been notified about the projects.

## Labor Day Reminder: Wildfire Danger Persists

Don't let these cool mornings and shorter days fool you. Forests across a significant portion of the State are in high wildfire danger. For recreationists headed to the woods over the Labor Day Weekend, basic precautions can make your outing a safe and enjoyable one.

## Clackamas County to Pave Portions of Thiessen, Jennifer, 135th and Mangan in September

Clackamas County will pave the following sections of roadway between Sept. 4 and 30:

- Thiessen Road, from Johnson Rd to Oatfield Rd.
- Jennifer Street, from Evelyn St to 135<sup>th</sup> Ave
- 135th Avenue, from Jennifer St to Highway 212/224
- Evelyn/Mangan Street, from Evelyn St to Water Ave

Work will be scheduled between 7:00 a.m. and 9:00 p.m., Monday - Saturday. Roads will remain open, but travelers should expect single-lane closures and delays.

Emergency service providers, schools and other regular

Check current restrictions. Public and corporate forest landowners generally try to offer as much recreational access to the forests as possible. For that reason, the restrictions on campfires, off-road driving and riding, and other activities in the woods can change frequently as fire conditions evolve. Be sure to check with the land management agency or landowner before you head out.

**Fire safety tips:** The common recreational causes of wildfires are easy to prevent:

- Campfires: First, check whether campfires are allowed where you plan to camp. If they are, go to the Keep Oregon Green Association website, [www.keeporegongreen.org](http://www.keeporegongreen.org), for practical tips on building and maintaining a campfire.

- Off-road vehicle use: Dry grass or brush can ignite if it comes into contact with the exhaust system of a four-wheel drive, quad or motorcycle. Stay on established for-

est roads and trails during this time of high wildfire danger.

- Smoking: Smoking is prohibited in most wildland areas. A cigarette discarded in dry grass, leaves or needles can smolder for hours and eventually flare up into a wildfire.

"The Oregon public has done well this summer exercising fire safety caution in the forest," said Tom Fields, fire prevention coordinator with the Oregon Department of Forestry. "Let's all continue that good record through the Labor Day holiday."

## CCFD#1 Board of Director's Vacancy

The Board of Directors for Clackamas Fire District #1 consists of five residents or property owners who are elected by the public. They serve four-year, staggered terms. The Board of Directors established Fire District policy through the passage of resolutions and ordinances. The Board of Directors also adopts the District Budget, approves appropriations and levies taxes.

The board meetings are held on the third Monday of each month at the Mt. Scott Fire Station located at 9339 SE Cau-

year term position, which expires on June 30, 2013. Candidates must be at least 18 years of age, and must be either an elector or a property owner within the Fire District. Applications must be received by 4:00 p.m. on Friday, September 21, 2012. Those interested in obtaining an application may find it on the Fire District's website at [www.clackamasfire.com](http://www.clackamasfire.com) or by contacting the District's Administrative Office at 11300 SE Fuller Road, Milwaukie, OR 97222 or by phone at 503 742 2600.

## Community Organization Assisting in Disaster Meeting Held For Beavercreek Area August 28

On Tuesday morning, August 28, 2012, about thirty individuals met in the meeting room at Beaver Creek Cooperative Telephone Company to discuss assistance, planning and awareness of needs in a disaster scenario.

Two board members of the Hamlet of Beavercreek along with the editor of this paper and representatives of several area churches were present to talk with representatives of

sey Road in Portland. The meetings begin at 7:00 p.m. The public is invited to attend and time is scheduled for public comments.

The Board of Director's has various committees that meet periodically throughout the year. Meetings are scheduled as the need arises to discuss issues for each committee. Check our Events Calendar for the next meeting date.

Our current Board consists of Chairperson Dave McTeague, Secretary/Treasurer Thomas Joseph, Director Don Trotter and Director Marilyn Wall. Please visit our website at [www.clackamasfire.com/boardofdirectors.html](http://www.clackamasfire.com/boardofdirectors.html) to learn more about them. Beginning next month, you will be able to hear from one of the Directors as they take turns monthly to share about the committees on which they serve.

### Board of Directors' Vacancy

Clackamas Fire District #1 is now accepting applications to fill one vacancy on its Board of Directors. This uncompensated position will be filled by a majority vote of the remaining four directors. The appointment will complete the four-

various County and national organizations about what Beavercreek sees as it's strengths, weaknesses and needs as it relates to how the community will deal with a major disasters whether from outside influences or acts of nature.

Various scenarios were discussed such as ice storms, wind storms, flooding and earthquakes. How will Beavercreek be able to cope. How will Beavercreek be able to help itself when the normal organizations such as the fire department will not be able to assist people one on one as they will be busy trying to evaluate the situation on a larger scale.

Mark Beaudry, VP of Operations from Beaver Creek Cooperative Telephone discussed how the phone company reacts to these type of situations. How phone service, cable TV, wireless, Internet and other services are kept up and running to keep residents connected to important information in order for them to help themselves. He also discussed the weaknesses in the systems since they have

to rely on power from PGE. The company has a very large generator that can keep power to most essential services as long as fuel is available.

There were representatives from the Oregon City and Redland Community Emergency Response Team, Clackamas County Emergency Management, CCFD#1, Animal Services, Clackamas County Social Services, Sheriff's Department, HumaniNet, CARES, GEMS, American Red Cross, Gladstone Fire department, Beaver Creek Lions, Clackamas County Public/Government Affairs, ham radio and others.

Al Tate (Ham radio) noted that we have lost the services of many of the AM stations because they have all become computerized. He would like to see community AM stations. The availability and resources of churches in emergencies was discussed. The churches in the Beavercreek Hamlet could literally house the entire community if needed. Churches would be glad to assist if they were asked. They need to be in contact with Red Cross to assure they are on its list as a shelter. The different levels of Red Cross shelter operations were also discussed.

COAD Chair, Kathy Thompson, led a discussion on "What would Beavercreek like to see happen over the next six months." Sharon Charlson shared that there are lots of disparate groups but no one group to oversee the process. The Hamlet could act as a focal point to have groups meet to disseminate the information. It is not in the position to run the effort. The first step would be to form a committee putting together the information from this meeting and then bringing together the churches and contacting Red Cross among others.

## CCC Wrestling Team Crab Feed Fundraiser is Sept. 29

The Clackamas Community College wrestling team, winner of the 2011 national junior college championship, is holding a fundraiser on Saturday, Sept. 29, at 5:30 p.m. at the Pioneer Community Center in Oregon City.

The Crab Feed and Auction Fundraiser will include a crab and seafood dinner, silent and live auction. Proceeds from the event will be used to support team travel, gear and assistant coaches.

The event is open to the community. Tickets are \$40 per person, and tables can also be reserved for groups of eight or 10. For more information or to purchase tickets, please contact CCC coach Josh Rhoden at [joshr@clackamas.edu](mailto:joshr@clackamas.edu) or 503-319-8410.

## Message from the Chief Fred Charlton

As of July 1, 2012, I began my tenure as Fire Chief for Clackamas Fire District #1. I'm honored and humbled to have been sworn-in as the Fire District's next Chief. Leadership is about inspiring change, cultivating excellence, and

providing the highest quality service possible. Our employees and volunteers are dedicated to serving the community, and they do it through care, compassion, dedication, and professionalism. I'm very proud of the work being done every day to help keep our community safe.

We have had a busy past two months. At the beginning of July, we had a promotional ceremony for the following individuals: Ryan Hari to Deputy Chief, Dave Phillips to Battalion Chief, Doug Whiteley to Fire Marshal/Administrative Battalion Chief, Zach Brown to Lieutenant and Darren Knott to Apparatus Operator. They will be supported and mentored as they move forward in their career.

The Fire District christened its new rescue boat on July 10, 2012. This new 22-foot Rigid Hull Inflatable is capable of traveling in six inches of water, while on plane with speeds approaching 60 mph. The new rescue boat is outfitted with a lighting package designed to increase safety and efficiency during night operations. We participated in the annual National Night Out celebration throughout the Fire District on August 7, 2012. This is an annual event in which the District enjoys participating.

## Our 4 Legged Friends

My Name  
is  
**"FLETCHER"**  
and I'm  
available for  
Adoption!

Hello... my name is "Fletcher" and I'm available for adoption. I'm a Shepard mix.

I'm a 4-5 year old neutered male and I weigh approximately 30 to 60 lbs. As you can see I'm tan and white in color with folded ears.

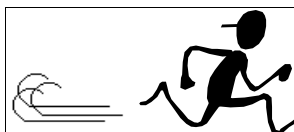

### Here is what I have to say for myself!

"Hi. I'm Fletcher. I'm a shy boy at first, but once I come out of my shell I'm like the rabbit - filled with joyful life and an exuberant nature. I want to see the world and explore fun environments. I've heard of something called camping and hiking. These sound like the greatest activities ever. Need a hiking partner? You could pick me."

For more information on me or other dogs available for adoption, please call the shelter at 503-655-8628 or come by for a visit and a little one-on-one. You can also see us at the Clackamas County Dog Control website at:

<http://www.co.clackamas.or.us/dogs/adoptpet.php>

The shelter is located at 13141 S.E. Hwy 212 in Clackamas, Oregon. I'm available from 12:30 to 4:30 p.m., Thursday thru Monday. I'd sure love to get the chance to meet you. "FLETCHER"

See you next month... The  
Editor!
