February 2004

Complete Communities FOR CLACKAMAS COUNTY

Is There a Hamlet in Beavercreek's Future?

All residents of the Beavercreek community are invited to attend a meeting February 19, 2004, between 7 and Beavercreek Communty Planning Org. (CPO)... 9:00 p.m. at Beavercreek Elementary School, 21944 S. 4th Wednesday at the Grange at 7:00 p.m. Yeoman Rd.

Those of you who have been following the updates in Tuesday before 4th Wednesday at the Conference the "Bulletin" know how important this meeting is. We Room at BCT on Henrici Rd., 7:00 p.m. encourage you to attend and hear the results of Beavercreek Grange... discussion of your Beavercreek Hamlet Work Group for 2nd Saturday at the Grange, potluck at 6:00 p.m., past five months.

This is the opportunity to share with our community Beavercreek Lions... the strides we have made for Beavercreek to have more 1st and 3rd Saturday at the Grange at 7:30 a.m. of a voice at the County level, if we agree that being a Beavercreek School PTO... Hamlet is an important next step. Any recommendation 3rd Tuesday 7:00 p.m. must be later approved by the Clackamas County Board Boy Scout Troop #445... of Commissioners.

Beavercreek is one of three rural unincorporated Boy Scout Troop #139... areas chosen as a pilot to test new concepts of Mondays at the Grange at 7:00 p.m. governance, a continuation of Complete Communities. Carus Community Planning Org. (CPO)... The Complete Communities project held meetings 2nd Thursday at the Stone Creek Christian Church at throughout the County to get input from citizens on what 7:00 p.m. they wanted for their respective communities. This next Carus School PTA... phase is a part of the implementation of what the County 2nd Tuesday in the School Library at 7:00 p.m. heard at these meetings, mainly that the residents want Clarkes Community Planning Org. (CPO)... more of a voice in the issues that impact their lives. Beavercreek was chosen to work on the "Hamlet" at the Clarkes Fire Station at 7:00 p.m. model. The Work Group was asked to come up with the Clarkes School PTA... criteria for a "Hamlet."

Now it is your turn. This is your opportunity to hear Mulino Community Planning Org. (CPO)... about the ideas that have come out of the Beavercreek Third Thursday, Mulino Airport, OPA Bldg at 7:15 p.m. Hamlet Work Group. Volunteer Work Group members Oregon City/Beavercreek Mom's Club... will present where we are in the planning process and 1st Monday at the United Methodist Church, 18955 welcome your comments and questions. At the end of South End Rd., at 9:30 a.m. the process the County Board of Commissioners will Oregon City Commission Meetings... decide whether to approve and adopt this new 1st & 3rd Wednesday at City Hall at 7:00 p.m. designation. So, please come, participate and share Oregon City School Dist Board... your vision of our future and the future of all rural 2nd Monday at the District Board Room at 7:00 p.m. unincorporated areas in Clackamas County. Your

these calls were handled by PGE's automated phone system, and approximately 30,000 chose to speak with customer service representatives).

System impact: PGE's Southern District was hardest hit, including Amity, Highway 18 corridor, Keizer, Mulino, Salem, Silverton and Yamhill County.

Other affected areas include: Gresham and the Mt. Hood corridor, Clackamas County, northwest Washington County and north Portland.

"Beavercreek Oregon a History

Through the Looking Glass"

This is Part XVIII of a series of articles on the history of the Beavercreek area. Written by Jack Watts, whose family were some of the early settlers of the community. This history is reprinted from his original manuscript that had until now never been published, by permission of Gordon Watts. We dedicate this series to a man and his love of the Beavercreek countryside who took the time to stop, look, listen and capture for all, his rememberances. The Editor.

-- THE BIG FIRE (CONT) --

The Farmers Union purchased the property just east of the Willamette Valley Southern Railway Depot from Mr. R.B. Beatie, who had been engaged in the feed business. The new store was called "The Beavercreek Cooperative Company" and its first manager was Mr. J. A. Coulter, a prominent citizen of the Clarkes area. Their operations were moved to the Beavercreek intersection where they built a block building and moved in, in 1950. Some years later the name was changed to "The Beavercreek Supply". At the time of the name change, eleven of the original stockholders organized into the "Beavercreek Investment

Watts' Food Center The Clean, Friendly RED & WHITE Store BEAVERCREEK, OREGON

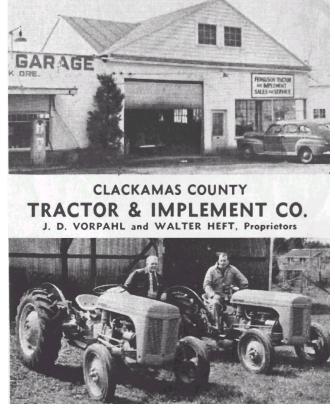

Corporation" and took over the real property of the Company.

Prior to the acquisition of this property by Mr. R.B. Beatie, it was owned by Mr. Ferris Mayfield, who was a livestock buyer and for a time he butchered and conducted a retail meat route on certain days of the week. Later he rode horseback through the area buying cattle, hogs, etc. He established certain days when he would ship a carload of livestock. On these days he arranged to have the farmers from miles around bring their animals in. Some of these farmers led their animals, others would haul them in wagons, while still others rode horseback and herded them along the roads. This was a great boon to business in Beavercreek for business really flourished on those days.

Mr. Albert Weidner, who took over when his grandfather, Mr. Jacob Weidner passed away, ran a slaughter house just beyond the Welsh Church on the banks of a creek. People used to bring animals from all around to have him slaughter them for them. He also bought and sold livestock. He also operated a retail route for a time and ran a retail shop in the space that later was occupied by the Post Office. At a still later time he had a shop located between his home and the

slaughter house.

The Havills operated their store from 1919 until 1932, which was the year that Mr. Havill passed away. Then Mrs. Havill, with my assistance, ran the store until February of 1934 when my wife, Gertrude, and I purchased the business and later the property. We

operated it until our retirement on May 31, 1967 in our 34th year in the business.

Here ends Part XVIII of "Beavercreek Oregon a History Through the Looking Glass." (The Big Fire). The Editor.

A & E'S "AMERICAN JUSTICE" HAS A LOCAL FLAVOR

Former resident Dustin Park is presently working as an Assistant Producer for Towers Productions in Chicago, IL. The company produces programs for various cable channels such as A & E, The History Channel, and the Weather Channel. Dustin attended Beavercreek Elementary and Odgen Middle School, and graduated from LaSalle High School in 1998.

After graduating Magna Cum Laude from the University of Notre Dame in 2002 with a B.A. in Film and English, he moved to Chicago and soon went to work for Towers as a Production Assistant. Last year he was promoted to his present position, and had three credited shows last year for A & E: "Don't Mess With Texas" and "Mystery At Sea " for the A & E program "American

Justice", as well as a special about the Chicago comedy troupe, Second City TV, called "The Laugh Track".

2004 will see more of Dustin's work on the History Channel, as one of his programs will air on the "True Crime Authors" series. He is currently at work on a feature length film for the A & E Network called "Isaac's Storm", based on the book by Erik Larson of Seattle. This story chronicles the most lethal national disaster in American History – the Galveston, Texas hurricane of 1900 that claimed more than 10,000 lives. The story is told through the eyes of Isaac Cline, the Weather Bureau chief who lost his wife when he failed to anticipate the coming devastation.

Dustin's younger brother Trevor is a sophomore at Notre Dame, and like Dustin, recently declared a double major in Film and English. Spencer is a sophomore at LaSalle and lives in Beavercreek with parents, Mike and Sue.

Letter to the Editor

January 15, 2004, A letter of thanks from the Clackamas County Board of Commissioners:

It is said that challenging times give us the opportunity to prove our character. This past week was proof of that.

Whatever its resources, no government can deal completely on its own with the effects of extraordinary weather like we experienced last week.

It requires cooperation, the good will of many people, self-sufficiency, planning and a bit of good luck.

As your elected Board of County Commissioners, we want to thank the wonderful citizens of Clackamas County for their individual efforts during the fierce winter weather.

Due to the efforts of average citizens, school sidewalks were shoveled, roadways were cleared of debris and at-risk neighbors were contacted to assure their well-being.

We also appreciate the dozens of citizens who called the County's hotline to report downed trees, hazardous conditions or special needs.

Sincere thanks also go to the many and various

volunteer organizations and our partner governments and special districts.

Finally, as employers we wish to thank the Clackamas County employees - or as we have started calling them - Team Clackamas.

You've already seen reported the stories of the County emergency dispatcher who helped a woman give birth. Maybe you read about the County snow plow operators who narrowly escaped injury - one from a plow that caught fire, one that was hit by a falling tree and another who was surrounded by a downed power line. The County's Milwaukie Center Meals on Wheels program also was featured in the news for not letting snow and ice get in the way of delivering 570 hot meals

Full Service and Commitment

22005 S. Beavercreek Rd., Beavercreek, Oregon 97004

Jan. 6-8.

Those stories are just the tip of the - shall we say - iceberg.

Across County government, we had a great team of folks trudging (and slipping) through the ice and snow to assure continued public services. Our clinic staff in Sandy kept operations afloat with no heat and no phones. County computer experts worked through the wee hours of the night to restore and maintain communications links to the Roads Division. During a power outage, an employee from the County's Tri-City wastewater plant made his way to work at 4:00 a.m. to reboot the system in order to maintain service. Our human services staff fielded dozens of calls - some from citizens who were stranded without food or

Backyard Burning Prohibited Until March 1st!

medicine. In one case, a County staffer personally drove to a pharmacy to pick up insulin for a housebound diabetic.

Our Sheriff deputies responded to every type of call. In addition to their regular duties, deputies also cleared roadways when they found debris that would impede traffic or endanger travelers. Facilities Management crews worked overtime to fix burst pipes, restore heat

to offices and clear sidewalks and parking lots.

The 44 employees of the Roads Division ran three shifts around the clock for a week in order to operate 15 snowplows, 14 sanders, two graders and one snow blower.

Of course, there are many stories that will go untold.

Let us simply say, we are proud of the citizens and staff of Clackamas County. It is a great place to live even in a winter storm.

Clackamas County Board of Commissioners: Bill Kennemer Larry Sowa Martha Schrader 503-655-8581

Cleaning Up the Countryside

County Correction crews and local volunteers worked 60 days cleaning up sites in rural Clackamas County. These crews worked Fridays and Saturdays and were joined on many weekends by local residents who pitched in. During the past year 367 illegal dumping sites have been found, and 195 of them have been cleaned up. This has resulted in the removal of over 107,000 pounds of solid waste, 20,000 pounds of scrap metal, 46 vehicles and over 1,000 tires from forest land in Clackamas County.

COMMUNITY INVOLVEMENT

The Dump Stopper program success depends on participation of the local community, including the residents, land managers and forestland visitors. To organize that participation over 20 presentations were made in 2003 to Community Planning Organizations (CPO's), service clubs and land management agencies. The response has been terrific. The Dump Stopper yard signs have appeared along many rural roads. Dump Stopper posters urging target shooters to act responsibly are on display all over Clackamas County in stores selling ammunition. CPO's organized clean up days for their rural neighborhoods. On Earth Day, the County and SOLV hosted four major clean up efforts that involved hundreds of people. Residents, disgusted with illegal dumping have been quick to call the Dump Stopper hotline, (503-650-3333) to report dumping activity. The hotline has logged in 427 reports. CONSEQUENCES OF ILLEGAL DUMPING

When this program was initiated it was recognized that some people who dump illegally would continue to do so unless there was a consequence. A Sheriff's Deputy was recruited to work on the enforcement of anti dumping laws. An assistant District Attorney was assigned to handle all these cases. In addition the Board of County Commissioners passed tougher ordinances against illegal dumping with fines ranging from \$500 to \$3,500 dollars.

After a Year "Dump Stoppers" Program is a Big Success

In January 2003, Clackamas County, the U.S. Forest Service and the Bureau of Land Management joined forces to track down and prosecute illegal dumpers on public lands. The project, called "Dump Stoppers," was, and still is, funded by a federal grant to deter illegal dumping and vandalism on U.S. Forest Service and Bureau of Land Management lands within the county. The partnership also includes private timberland that is adjacent to federal properties.

The "Dump Stoppers" program utilizes a multipronged approach to confront the illegal dumping. At the heart of the program is a Clackamas County Sheriff's deputy dedicated fulltime to tracking down illegal dumpers and vandals. The District Attorney's Office also prosecutes those caught and a community corrections crew is used to clean up dump sites.

Citizens are asked to play a major role in the "Dump Stoppers" program. A telephone hotline is available for persons to call when the see or suspect illegal dumping. The number is 503-650-3333 and callers can remain anonymous.

Provided as a community service by the Beavercreek Bulletin as information available

MELBA JEAN BALL

A funeral was held at 2 p.m. Saturday, Jan. 3, 2004, in Hillsdale Chapel for Melba Jean Ball, who died Dec. 30, 2003, at age 72.

Melba McFarland was born Nov. 22, 1931, in Allendale, IL. A homemaker, she lived in Oak Grove before moving in 1970 to Beavercreek. In 1954, she married Jimmy R.

Survivors include her husband; daughters, Deborah Cramer and Rebekah Washburn; sister, Nancy Edwards; three grandchildren; and three greatgrandchildren. Remembrances to American Cancer Society. Appeared in the January 1, 2004, Oregonian.

NANCY L. CHAPIN

A memorial service was held at 2 p.m. Saturday, Jan. 3, 2004, in Molalla United Methodist Church for Nancy L. Chapin. who died Dec. 26, 2003, at age 82.

Nancy Dodson was born Jan. 25, 1921, in Mahoning, PA. A homemaker, she moved in about 1975 to Mulino and in 1999 to Milwaukie, In 1941, she married Harold L.; he died in 1999.

Survivors include her son, Dan; daughter, Sandy Kamarath; sisters, Frances Jones and Sid Martin; ten grandchildren; and seven great-grandchildren. Remembrances to Willamette View Health Center. Arrangements by Hillside Chapel. *Appeared in the January 1, 2004, Oregonian.*

Septic Systems and Melting Snow

I know that the ice and snow storm has passed, but I felt that this information was important enough to publish anyway, for future reference. The Editor.

Many individual home sewage treatment systems, or septic systems, may become waterlogged or temporarily flooded when the snow starts to melt.

When this happens, drains in the house may run slow, toilets may not flush properly and water may back up into floor drains in the basement.

A septic system has two main components: the septic tank traps and biologically degrades solid waste, and the drainfield provides additional biological treatment as well as infiltrating the water into the ground. Household water flows from the house sewer system into the septic tank then out to the drainfield. Any situation that prevents or slows down the flow of water through the septic system can cause problems.

As the snow melts, the water may infiltrate into the drainfield area instead of running off. This can cause a temporary "high water table" which can leak into the septic tank or saturate the drainfield. When this happens, the wastewater coming from the house cannot move through the septic system easily.

To help your septic system during this winter storm Water Environment Services, a department of Clackamas County, recommends the following:

Check the house for leaks. A drop of water every 15 seconds can add up in a septic system. Check faucets, showerheads, toilets, sinks, and any other water using device for leaks and repair them as soon as possible.

Don't put the water from a basement sump pump into the septic system. Don't let water from roof gutters or from the sump pump discharge into the drainfield area.

Reduce the use of water. Run the dishwasher when full and do large loads of laundry instead of smaller ones.

Remember the drainfield was designed to infiltrate the amount of water normally discharged from the house. When additional water, either from rain or snowmelt, is added to the drainfield, the ability to handle household water becomes limited.

If you continue to have problems with the household plumbing not working right after the snow melts, then some damage may have occurred to the drainfield or septic tank. High ground water can cause shifting or settling, which can affect both the septic tank and the distribution system in drainfield. In these cases, have a licensed septic tank pumper or septic system installer examine the situation.

Clackamas County Reminds Motorists That It's Time to Rat on a Pothole

Clackamas County road crews are reminding residents and travelers who spot potholes on county-area roads to call the Pothole Hotline at 503-650-3262.

Pothole crews are constantly on the prowl for holes in the roads, but with nearly 1,500 miles of county roadway, they need the community's help to find them.

The number of potholes increases with the cold, wet winter weather. Once the crews are notified, the potholes they are generally repaired within two or three days.

The county's Pothole Hotline began in 1997 and since then thousands of potholes have been fixed. This has resulted in fewer damage claims against the county and a smoother ride for travelers.

Callers can rat on a pothole by calling the Pothole Hotline at 503-650-3262. It's a voice mail recording. For more information call Randy Harmon at 503-650-3246.

Back issues available upon request while supplies last.

Upcoming Events

Feb 6 - Father/daughter Dance, 6:00 - 8:00 p.m. Book Character Dress Up Day

Feb 9-10 - Talent Show Auditions

Feb 13 - Staff Training, No Students

Feb 16 - Holiday, No School

Grab Your Backpacks, Dust Off Your Gear, the Carus Talent Show is almost here!

It's time to prepare those acts for this year's Talent Show on the evening of March 4th. Our gym will be transformed into Camp Carus and we will join around the campfire for some great entertainment.

Pop Tops

By Diane Kearns, Child Development Specialist

Carus School students are again collecting pop-tops. The pop-tops are donated to Ronald McDonald House. The House offers a place where families of seriously ill children can stay while their child is in the hospital. The

House sells the pop tops to aluminum recyclers to raise money to offset expenses. If your family drinks anything that comes in cans with pop-tops, this drive is a great, no-cost way for your students to support this organization. If you do not have a student at Carus School, but would like to support the project feel free to drop off your pop tops at the office at the school at anytime.

Carus Preschool

The Carus Preschool still has room for students in the 3 year old morning class, for the remainder of the school year. There are programs for 3 and 4 year olds in the morning or afternoon classes in Oregon City. So, remember the Carus Co-Op Preschool next September for your up and coming preschoolers.

Father/Daughter Dance

By Tammy Hilger

It's time for the Father/Daughter Dance! Come to the Lagoon Under the Moon at the Carus gym between 6:00 pm and 8:00 pm on Friday, February 6th. For a \$5.00 fee per couple you will get an evening of dancing On Friday, January 23rd Carus Elementary School and a photo to remember this special evening. Refreshments will also be served. Additional photos The Principal's Honor Roll Breakfast was held in the you there. If you have any questions, please contact Tammy Hilger at 503-632-8589.

In their efforts to raise funds for Outdoor School, ninetyone school sixth graders will hold a rummage sale from 9:00 a.m. to 3:00 p.m., Saturday, February 7th in the school cafeteria.

The sale features kids' items - from "baby days to teens" - and a soup and chili luncheon and desserts will be served.

Donations of gently used kid's items in good repair can be made by calling Janice, in the evening, at 503-266-7232.

Also, at 1:00 p.m. the day of the sale, the winning raffle ticket for a cruise will be drawn. There are a limited number of raffle tickets left for the 7 – day cruise for two aboard Holland America Line, Inc. at \$10.00 each.

The cruise destination can include Alaska, Mexico, the or Canada/New England. Caribbean, Travel arrangements will be made free through AAA Travel. The estimated cruise value is \$2,800.0. Travel must be completed by December 1, 2004. For cruise or ticket sales information, contact Becky at AAA Travel, 503-222-6774.

PTA Plant Sale

By Jennifer Hitchcock

Mark your calendars for February!! The Carus PTA will be taking orders for their plant sale fundraiser. They will be offering a variety of flats of annual bedding plants and assorted baskets or pots. Many of you regularly purchase like items each spring, so this year please help support our school events by ordering your plants through this fundraiser. The quality plants will likely be ready in late April to make terrific Mother's Day gifts. The PTA is looking for help with this project. If you are

interested and have a little time to spare please contact Jennifer Hitchcock at 503-266-9717. For information on placing an order call the school office at 503-632-3130.

As Temperatures Rise Ice Falls At Clackamas County Fire Stations

Some Clackamas County District No. 1 fire fighters got to experience Mother Nature's fury first hand on January 8, 2004. Fire fighters at the Mt. Scott Station (Station 5) escaped injury when hundreds of pounds of ice came crashing down off of their roof. As temperatures in the Metro area rose ice began falling all over Clackamas County. The ice was falling off of power lines, trees, homes and buildings including several of Clackamas County's fire stations. No one was injured when the ice fell off the roof at the Mt. Scott Station.

At Clackamas County District No. 1 Station 4 Captain Jamie Karn's personnel pickup truck sustained heavy damage when hundreds of pounds of ice came crashing down on top of the truck. The ice destroyed the canopy of the pickup truck.

Winter Term Seasoned Adult Program Explores Alaska, India and Travel by River Boat

A presentation on early river boats kicks off the winter term Seasoned Adult Enrichment Program on Wednesday, Jan. 14. Sessions will continue through Feb. 25, at 9:30 a.m., Wednesdays in Room 191 at Clackamas Community College's Harmony campus near Clackamas Town Center.

The Seasoned Adult Enrichment Program (SAEP) is in its 11th year at the college. The program is affiliated with the Elderhostel Institute and provides seniors in

Clackamas County with an educational experience designed and administered by "seasoned adults" (retirees or seniors).

Here's the winter term SAEP schedule:

Jan. 14, *The First Northwest Highway System.* SAEP member Ed Neubauer discusses the early river boats and shares a slide show. A no-host luncheon follows at 12:30 p.m. at the Spaghetti Factory.

Jan. 21, *Water and Soil: Spring Gardening.* Gray Thompson, former extension agent and founder of the local "master gardeners" will give tips for spring gardening preparation.

Jan 28, *Alaska by Ferry*. SAEP member Phyllis Olsta will share adventures cruising Alaska's Inside Passage by ferry.

Feb. 4, *India:* The Early Independence Years. Former educators Marilyn and Bud Robinson will share their experiences living and working in Indian villages.

Feb. 11, *Leave Your Memories*. Wayne and Carolyn Wright give pointers on writing autobiographies.

Feb. 18, Senior Center's Happenings. Rhonda Garvin, manager of the Gladstone Senior Center, looks at the many services and activities available for active adults at area senior centers.

Feb. 25, *Topic to be announced.* Sunday March 7, CCC Theater Production "The Odd Couple." David Smith-English directs Neil Simon's comedy. Tickets for

the 2:30 p.m performance are \$5.

The annual membership for the Seasoned Adult Enrichment Program is \$30 or \$15 per term. A \$3 fee is charged for single sessions. The Harmony Center is located at 7616 S.E. Harmony Road. For more information, call 503-657-6958, 3146.

demonstrate pruning methods for a variety of fruit trees at the HOS arboretum on the CCC campus. Participants will be able to practice pruning skills. The fee for this event is \$10. For more information, call Loretta Mills at the CCC Horticulture Department at 503-657-6958, ext. 2246.

"Growing Fruit in the Northwest," a series of workshops on grape and kiwi growing, marketing fruit at farmers' markets and new fruits for Northwest gardens, takes place on Saturday, Feb. 21, from 8:30 a.m. to 4:30 p.m. in the Gregory Forum at CCC. The fee for the program is \$35. Call horticulture instructor Bruce Nelson at 503-657-6958, ext. 2786 for more information.

On Saturday, Feb. 28, three fruit tree-grafting workshops will take place in the Clairmont building at CCC. From 9:00 to 10:30 a.m., "Beginning Fruit Grafting" offers hands-on explanation and practice in whip grafting under the supervision of experienced HOS grafters. A second beginning session follows from 11:00 a.m. to 12:30 p.m. "Intermediate Fruit Tree Grafting" is also offered from 11:00 a.m. to 12:30 p.m. offering demonstrations and practice in top grafting, whip grafts, wedge and cleft grafting, and other more advanced methods.

The fee for each of the grafting workshops is \$15. For more information, call Bruce Nelson at 503-657-6958, ext. 2786.

Rainy Day Recess Activities Needed

While making room in your homes for the new toys of the season, please consider donating to the Clarkes School Library any good quality, used building games or manipulatives that can be used during 15-minute rainy day recesses. We could sure use more things for kids to do (like Legos, Lincoln Logs, K'nex, etc.). Thank You! Your friendly library assistant, Mrs. James

Box Top\$ for Education

Thank you to everyone who sent in the Box Top\$ for Education last year, we received a check in the amount of \$371.82!! These monies are used for Library books & the Book Bag program.

PTA Meeting Highlights

Would you like to hear about all the good things Clarkes PTA does for our school? They are in DIRE need of a secretary to take notes thru June of this year, and other positions will be open for the 2004/05 school year.

Recently, the PTA approved \$500 for this year's Artistin-Residence program, \$178 for the 1st/2nd grade field trip to see The Velveteen Rabbit, and at the request of our music teacher Molly Elder, \$1,084 to purchase a set of 10 conga drums (They have arrived, & they are very

cool)! These contributions were made possible because of your support of the PTA fundraisers such as the recent wreath sale, which brought in over \$800, and the fall cookie dough sale, which brought in over \$3,400.00!

Volunteers will be needed this spring to help update the playground with hopscotch, a map of the United States, & the Circle of Choice. We would also like to be able to offer a Movie Night sometime this year, as well as a great Field Day in the spring. We will need YOUR help in order to pull these events off. so give us a call! Contact Kim Merchant, 503-632-5173!

> Beaver Creek Telephone to Unveil New Company Logo for 100 Year Anniversary

Beavercreek CPO Spotlight

The January meeting of the Beavercreek CPO, aka Beavercreek Community Planning Organization, met on Wednesday, January 28, 2004, at the Beavercreek Grange on Kamrath Road at 7:00 p.m. with 23 members and guest attending. There were no meetings in November and December due to their proximity to the holidays.

The proposed slate of candidates for the February election of officers was announced and the members were asked if there were any nominations from the floor. There were none at this time.

Norm Andreen and Elizabeth Graser-Lindsey shared with the members information regarding the February 19th Beavercreek Hamlet Community Forum that will be held in the Beavercreek Elementary School from 7:00 - 9:00 p.m. and answered questions posed.

Norm later shocked everyone with a map titled "Proposed Alternative Analysis Study Areas" that outlined the lands that Metro is studying for the next round in the search for industrial expansion. Basically, everything South of Oregon City along Beavercreek Rd., including portions of downtown Beavercreek and along Hwy 213 past and including the new StoneCreek Golf Course.

This is very similar to the map that sparked the Beavercreek incorporation fact finding by the Beavercreek Committee for Community Planning, aka BCCP. This map however, has even more land designated to be studied.

There will be a listening post, or meeting for citizen input, held in Oregon City at the Senior Center, 615 5th St., on March 2, 2004, from 4:00 - 8:00 p.m. Everyone is encouraged to attend this meeting and have the

wishes of the Beavercreek community heard. In the last go-round the citizens of Damascus sat back and did nothing and now look what is happening in their back yard! If you care about Beavercreek and its quality of life you need to attend this meeting.

There will also be a meeting at the same location on March 15, 2004, from 4:00 - 8:00 p.m. to discuss the Goal 5 Riparian Corridors that have been identified and the setback requirements. This also directly impacts Beavercreek because of all the tributaries of Beavercreek and the drainage channels that criss cross the area including the downtown area.

After the meeting was adjourned, our Senator, Kurt Schrader, gave an update to what was accomplished during the last legislative session and answered questions on policy from the floor.

I wish there was more space to tell you about all the insights that were shared with the members, but alas... I'm out of room! The next meeting of the CPO will take place on Wednesday, February 25, 2004 at the same time and place. For more information, please call 503-632-8370.

Carus CPO Communications

There was no meeting for the Carus CPO, aka Carus Community Planning Organization, for the month of January. The meeting was to be held on Thursday, January 8th, but as most of you will remember there was some rather inclement weather at the time and no one wanted to risk life and limb to venture out for a meeting... that is, if they could venture out.

The next meeting will be held on Thursday, February 12, 2004. It will take place at the Stone Creek Christian Church on Hwy 213. The meeting is scheduled to begin at 7:00 p.m.

The public is welcome. For more information, please call 503-632-7063.

See you next month...
The Editor!
