

# BEAVERCREEK BULLETIN

*By and for residents of Beavercreek, Oregon*

## March Hamlet Meeting Recap

The meeting began with a welcome from Lisa Kilders of the Clackamas County Soil & Water Conservation District (CSWCD) who reminded residents that various tools are available for rent including a weed wrench for pulling scotch broom during this optimal time of year.

Guest speaker Joe Marek from Clackamas County Transportation gave an update on traffic safety projects in the Beavercreek area. Their goal is to eliminate fatal and serious injury crashes by 2035. The County takes the Safe System Approach, which focuses on redundancies to help prevent crashes and damage to us. It includes six principles: Death/serious injury is unacceptable; Humans make mistakes; Humans are vulnerable; Responsibility is shared; Safety is proactive; Redundancy is critical.

Five elements to implement a safe system include: Safe road users; Safe vehicles; Safe speeds; Safe roads;

Post-crash care. (Details at [TowardZeroDeaths.org](https://towardzero.org).) Joe emphasized that safety is holistic and requires all of us to contribute.

Transportation manages 1,400 miles of road and 2,400 intersections in Clackamas County. They review questions such as: How much safety is enough; are there more crashes than we'd expect in a certain area; and how much will certain changes reduce or eliminate crashes?

They recently began using software designed for safety engineers that more quickly evaluates crashes and crash patterns, predictions and benefits of safety measures, and examines road segments and intersections. It has enabled them to make quicker investments and spend money wisely—especially as the County has experienced a 30-70% price increase for bids on its projects, which is affecting how many projects it can complete.

The County has added more than 4,000 new signs in the past five years—e.g. curve warning signs, advanced intersection warning signs—as they're

one of the most effective and low cost safety measures. Central Point Road and New Era has been realigned so there's better visibility as you go south.

Joe said additional signage will be added to Beavercreek Road near Henrici, Ivel, and other areas; and a radar feedback sign is slated to be added to Beavercreek in the 35 mph zone near Beavercreek / Kamrath / Leland starting June 30, 2024 "assuming nothing happens to our budget," he said.

Left turn lanes will be added to Redland at Ferguson and Bradley roads with construction to start later this year. A traffic feasibility study is being conducted near Redland and Holly Lane. And several roundabouts will be added including Tolliver and 213; 211 and 224; and others.

Citizens can review current and historic traffic counts online at <https://cmap.clackamas.us/maps/traffic>.

#### Land Use Decisions:

- Z0523-22 property owner Canby School District #86, applicant Denise Lapp, 14412 S Carus Road, Oregon City, zoned RRFF5, 1.34 acres, requesting a historic landmark demolition – the applicant is proposing to remove or demolish the 1926 historic school house that is the white building located adjacent to Carus elementary school. The

historic review board will consider this application and make a recommendation.

Approved for removal/relocation, suspending the demolition 60 days. 3/9 Historic Review Board Hearing, 3/22 BCC Hearing.

- Z0565-22 Larry & Nancy Carnahan, 22280 S Beavercreek Road, Beavercreek, zoned EFU, 71.29 acres, requesting a farm stand. Approved subject to conditions.
- Z0009-23 Bradley J White, 22333 S Big Cedar Lane, Beavercreek, zoned RRFF5, 5.02 acres, requesting the renewal of a level 3 home occupation permit to operate machine shop. Approved subject to conditions.
- Z0446-22 Timothy & Nancy McCrary, 26245 S Jones Road, Beavercreek, zoned TBR, 2.728 acres, requesting a property line adjustment. Approved subject to conditions.
- Z0389-22 Tyler Winslow, 14783 S Henrici Road, Oregon City, zoned RRFF5, requesting the renewal of a Temporary Home of Care. Approved subject to conditions.
- Z0042-23 Darren & Susan Marchisio, 17023 S Winterview Lane, Oregon City, zoned RRFF5, 7.33 acres, requesting the renewal of a temporary home for care. Approved subject to conditions.

BCT submitted an application for a large loan that would enable broadband expansion to bring fiber to every home in the Beavercreek area. They expect to receive an answer in April.

CSWCD hired two new people to help with land management for invasive species. They will be raising the price of rental equipment by \$25 per item to help with maintenance costs and upgrades, as they haven't raised the price in many years. For example, the seed drill has a waitlist of 15 people so they hope to purchase another one.

Next month's meeting is April 26, 2023, 7:00 p.m. with guest speakers from the Clackamas County Sheriff's Department.

*The Hamlet of Beavercreek is a volunteer-run community group that exists to protect and preserve the rural culture of the area. Monthly meetings are the best place to share feedback and learn how to get involved. Join us via online conference or in-person at the Clackamas Soil & Water Conservation District at 7:00 p.m. the fourth Wednesday of each month (except for December). The agenda is published on the Hamlet website each month at [beavercreek.org/blog/](https://beavercreek.org/blog/).*

## Volunteers Needed to Save the Little White Schoolhouse

The historic white schoolhouse in Carus is continuing through the County's land use process (editor's note: see previous issues for background) though has hit a snag. The people who had previously agreed to take the schoolhouse can no longer do so.

A group of local volunteers are part of an informal committee who have been working on a "plan B" to find a home for the schoolhouse. They have two viable options and are looking for community volunteers to help, i.e. ensuring the process continues to move forward. If you're interested, get in touch with [editor@beavercreek.org](mailto:editor@beavercreek.org) and we will direct you to the right person.

## CCC Winter Honor Roll

A total of 454 students made the Clackamas Community College honor roll and 947 students made the president's list for winter term 2023. To be named to the honor roll, students must earn a grade-point average of 3.5 or better. To be named to the president's list, students must earn a 3.75 grade-point average or better.

Congratulations to the following honor roll students from Beavercreek!

Weller	Titus	Beavercreek
Shier	Alison	Beavercreek
McLaren	Mac	Beavercreek
Setter	Audrey	Beavercreek
Britton	Brie	Beavercreek
Scherlie	Freya	Beavercreek
Rabe	Stacy	Beavercreek

## Hopkins Demonstration Forest Opens New Outreach Center

Hopkins Demonstration Forest in Beavercreek is a 140-Acre privately owned forest open to the public for self-guided exploration, tours, workshops, and education programs. As education programs and the public's use have grown over the years, the need for a Forestry and Natural Resources Outreach Center near the entrance to the property became a greater priority.

The new Center will be dedicated during an open house event on Sunday, April 2 at the Hopkins Demonstration Forest. The open house is from 2:00 to 4:00pm with a public dedication for the Center at 3:00pm.

The Open House will be an opportunity to tour the building's overnight rooms, conference room, and residential side of

the Center that will house the new Caretaker for the demonstration forest.

## Korner Park News

*By Cindy Hillyard, Parks Committee*

Hope everyone is enjoying the New Year. The Korner Park Committee has been spending time planning for 2023. Our Annual Easter Egg Hunt is just around the corner. April 8 at 11am will be our kids Easter Egg Hunt. We hope that you can all come and join in the fun. Currently it looks like the weather should be good, fingers crossed. We will have the Easter bunny, Easter eggs, photo opportunities, raffle baskets, and more.

Raffle baskets are currently on display at Kissin' Kate's / Beavercreek Saloon. Raffle tickets can be purchased there, and they will be available at the Park during the event. Tickets are \$1 each or 6 for \$5. Proceeds from the raffle baskets go to help support our Korner Park events, upkeep, and maintenance.

We will have an adult egg stuffing gathering at the Saloon on Monday April 3 at 6p.m.. Anyone wanting to help is welcome. We are also looking for candy donations for the eggs. Donations can be dropped off at the Café/Saloon anytime during business hours prior to the event.

## Oregon City Education Program for Startups Pays Entrepreneurs to Learn

Oregon City's Economic Development Department is launching a new educational program for entrepreneurs – The Biz Pod. The limited-admission program was crafted for emerging and startup company founders from all sectors who want to take a deep dive and look for ways to not just keep their business open, but to help them thrive.

Each pod will be comprised of only six members. The exclusive format will create small cohorts of serious-minded entrepreneurs matched with advisors dedicated to ensuring their success. The seven-module course covers essential business areas, including business planning, marketing, finances and operations. In the unique setting of The Biz Pod, participants collaborate extensively, emphasizing "work on my business" time while limiting distractions.

In addition to a \$3,000 grant at course completion, they receive one-on-one time with business advisors during the course and after. The participant makeup will include a range of sectors such as restaurants, retail, small manufacturing, technology and services.

Interested applicants should complete the Biz Pod Simple Interest Form by Friday, April 7, accessed from the Economic Development Department's website at <https://oregoncitybusiness.com/incentives-programs/>. They will then receive the full application in mid-April. After reviewing the applications, program coordinators will conduct interviews with potential participants for the classes to begin in May.

## Public Comment to ODOT: I-205 Toll Project Environmental Assessment

The Oregon Department of Transportation (ODOT) is planning tolls on the Abernethy and Tualatin River bridges to pay for improvements that will reduce congestion and improve safety. Tolls collected from drivers will be invested back into Clackamas County.

On Feb. 21, 2023, ODOT published an [Environmental Assessment](#) (EA) -- a detailed report that describes ODOT's plans, and the benefits and impacts of I-205 tolling and improvements in Clackamas County. ODOT wants to hear comments about the report from the public. Learn the details, see an interactive map and provide your feedback to ODOT [online](#), by phone (503-837-3536), by email

(I205TollEA@odot.oregon.gov) or at a public meeting (see below).

ODOT virtual public hearing (with concurrent in-person opportunity for oral comment to a court reporter):  
Tuesday, April 4, 3:00-6:00 p.m.

Submit comments to ODOT:

<https://www.oregon.gov/odot/tolling/Pages/Contact-Us.aspx>

Input schedule: Currently comment on the EA must be submitted by April 7 -- just 45 days after it was published. Because of the importance of this issue, and the length and complexity of the documents (approximately 3,000 pages with appendices), the county has requested a 45-day extension (see attached letter) to allow sufficient time to read, analyze and respond to the EA.

Requests for an extension, which can be submitted by individuals and organizations, may be sent by email to I205TollEA@odot.oregon.gov, Mandy.PUTNEY@odot.oregon.gov, and Kristopher.W.STRICKLER@odot.oregon.gov with copies to keith.lynch@dot.gov, nathaniel.price@dot.gov and Thomas.parker@dot.gov.

## **FBI Offering \$25,000 Rewards for Information About Energy Facility Substation Shootings**

FBI Field Offices in Oregon and Washington are seeking the public's help to identify the individual(s) responsible for vandalism at electrical substations in Tumwater, Washington and Oregon City, Oregon. The FBI is offering rewards of up to \$25,000 for information leading to the identification, arrest, and conviction of the suspect(s) responsible for each of these crimes.

On November 22, 2022, in the early morning hours, Puget Sound Energy discovered an incident at the Barneslake Substation in Tumwater, Washington. Fluid was leaking on the ground after one of the radiators of transformers had been punctured multiple times and caused the substation to go offline for several hours. Three 9 mm shell casings were located. The outage resulted in loss of power to 5,200 individuals.

On November 24, 2022, shortly before 2:00 a.m., several reactors were shot at the Bonneville Power Administration Ostrander Substation in Oregon City, Oregon. Investigators found a hole cut in the perimeter fence of the energized yard and discovered bullet holes in several reactors.

Attacks on power grid substations pose threats to communities, as hospitals, schools, and local businesses may be incapacitated for many days. Anyone with information is asked to call 1-800-CALL-FBI (1-800-225-5324), contact their local FBI office, or submit a tip online at [tips.fbi.gov](https://tips.fbi.gov). You may remain anonymous.

## April is Window Fall Prevention Month

*By Clackamas Fire*

You can protect your child from falling from a window. Window falls are predictable, therefore preventable. We need your help to reduce the risk of injury to children. According to the Consumer Product Safety Commission, about 12 children under the age of 10 years old die each year, and more than 4,000 are treated in hospital emergency rooms for window fall-related injuries.

The Window Safety Task Force offers these suggestions to help protect children:

- Teach children to play away from windows
- Teach caregivers and children that screens keep bugs out, but they don't keep children in
- For any windows that are six feet or higher from the ground, install window stops or guards, limiting open windows to no more than four inches

- Keep windows closed and locked when not in use
- Keep furniture or anything a child can climb on away from windows
- Always supervise children and ask about window safety when your child visits other homes
- Lessen the potential impact of injury from a fall through strategic landscaping – use wood chips, grass, or shrubs beneath windows

For more information on window stops or guards, and how to install them, visit: [www.stopat4.com](http://www.stopat4.com). The safety stores located at Randall Children's Hospital and Doernbecher Children's Hospital carry safety devices for windows as well.

## Sparky Award Nominations Close April 3

The Oregon Office of State Fire Marshal is accepting nominations for the 2023 Golden and Silver Sparky Awards. These awards honor and recognize people for their outstanding achievements in fire prevention and safety education. The Golden Sparky acknowledges a member of the Oregon fire service, and the Silver Sparky recognizes a member of the public.

“We know Oregonians are doing great work around fire prevention and safety

in their communities. This is a great opportunity to honor their achievements,” Oregon State Fire Marshal Mariana Ruiz-Temple said. “Past recipients were instrumental in creating fire adapted communities, leading smoke alarm installations at the neighborhood level, and advocating for fire safety through creative campaigns.”

The nomination deadline is April 3. Include an explanation and examples of your nominee’s contributions to preventing fires and fire losses in Oregon. Anyone can submit a

nomination; you do not have to be a fire service member to nominate someone. [Nomination forms](#) can be found on the OSFM’s website.

Please email nominations to [OSFM.PublicAffairs@osp.oregon.gov](mailto:OSFM.PublicAffairs@osp.oregon.gov) or mail them to OSFM Public Affairs, 3565 Trelstad Ave. SE, Salem, OR, 97317.

See you next month!

### Easter Egg Stuffing Party

April 3, 6:00 PM  
Beavercreek Saloon

Our Annual Easter Egg Hunt is just around the corner on April 8. We will have an adult egg stuffing gathering at the Saloon on Monday April 3 at 6p.m.. Anyone wanting to help is welcome. We are also looking for candy donations for the eggs. Donations can be dropped off at the Café/Saloon anytime during business hours prior to the event.

### Beavercreek Easter Event

Korner Park (corner of Leland and Beavercreek Rd)  
Sunday, April 9, 11 AM

The Korner Park Committee presents its Annual Easter Egg Hunt. April 8 at 11am will be our kids Easter Egg Hunt. We hope that you can all come and join in the fun. We will have the Easter bunny, Easter eggs, photo opportunities, raffle baskets, and more. Raffle baskets are currently on display at Kissin' Kate's / Beavercreek Saloon. Raffle tickets can be purchased there, and they will be available at the Park during the event. Tickets are \$1 each or 6 for \$5. Proceeds from the raffle baskets go to help support our Korner Park events, upkeep, and maintenance.

### CCC Career Technical Education Showcase

April 11, 4-7 p.m.

Learn how to earn degrees and certificates that will qualify you for well-paying, in-demand careers in two years or less. Instructors will be on hand to talk about their programs. Tour the buildings, shops, and labs and meet with employers. Learn how to pay for college, including free money like scholarships and grants. Participants at this event may receive one of 50 FREE tuition waivers good for up to four credits at CCC — a value of \$468. To learn more and register, visit [www.clackamas.edu/CTE](http://www.clackamas.edu/CTE).

Programs featured include: Apprenticeship; Auto body/Collision repair and refinishing technology; Automotive service technology; Business; Computer science; Education/Early childhood education; Electronics engineering technology; Health sciences; Horticulture; Industrial maintenance technology; Machine tool technology/Computer-aided manufacturing; Renewable energy technology; Water and environmental technology; Welding; and Wildland fire.

### CCC Landscape Irrigation Installation and Maintenance

April 15, 8 a.m.-5 p.m. Fee: \$80  
CCC Clairmont Hall, 19600 Molalla Ave.

Developed by Irrigation Association instructors with years of teaching experience, participants will learn the basics of hydraulics and irrigation system installation and maintenance. This workshop covers an overview of irrigation system components and how they operate. Details and registration: <https://bit.ly/horteventbrite>
